Education

Marist University — Poughkeepsie, NY

August 2022 - Expected May 2026

Major: Bachelor of Computer Science and Mathematics in Cybersecurity

Minors: Computer Science, Information Systems, Information Technology

GPA: 3.3

Honors: *Omicron Sigma Sigma* Honors Society

Experience

Mac Malware Detection Research Project (Marist University) — Poughkeepsie, NY

February 2025 – May 2026

- Collected, ran and analyzed malicious logs generated on two isolated Apple Mac Mini testbeds.
- Utilized SpriteTree, a data visualization tool, to analyze Trojan, Stealer, Adware and Backdoor malware to detect malicious processes through a machine learning model.

Cybersecurity Project – Cryptography (Marist University) — Poughkeepsie, NY

January 2025 - May 2025

- Built and tested a rotor-based cipher based on an Enigma machine in Python with up to 8 rotors, analyzed its security against modern cryptographic attacks.
- Wrote and presented a final report comparing Enigma's weaknesses to modern encryption and proposed improvements for future security.
- Translated technical cryptographic work into plain language to highlight real-world cybersecurity applications.

IT Specialist – (CMI – Tec) — Kingston, NY

June 2018 - Present

- Installed, set up and troubleshoot computers and network systems for small businesses, police departments and law firms.
- Identified network vulnerabilities and recommended upgrades to improve security.
- Collaborated with technicians to deliver quick and reliable IT support and repair services.

Skills

- **Technical:** Wireshark, TCPdump, VMware (ESXI), OPNsense, Docker
- **Networking:** Troubleshooting LAN/WAN, configuring routers and switches, implementing firewalls and ACLs, OSPF, VLANs, TCP/IP, BGP, CISCO switches and routers, SonicWALL switches and routers
- **Programming:** Python, Java, SQL
- **Software:** Microsoft Office Suite, VS Code, GitHub, SpriteTree
- **Operating Systems:** Microsoft Server 2008-2025, Windows XP-11, Ubuntu, Mac, Kali Linux

Activities and Leadership

- Member - Cybersecurity Club, Marist University Fall 2024 – Spring 2025
- Member - Game Development Club, Marist University Fall 2024 – Fall 2025
- Contributed to campus events and technical workshops
